

EAA Chapter 471 “Hangar 3” is located on the west side of Abilene Regional Airport. From the service road of Loop 322, turn onto Navajo Trail. Note the three T-Hangars and the TSTC facility on your left. Hangar 3 is the next large hangar past TSTC. Enter the hangar via the walk-through door at the end of the hangar. You may park in the TSTC parking lot or in the grass closer to the door if it’s not muddy.
